

Class Name: World Geography
(High School)
Fall & Spring 2018/19

Tutor: Trish Akouka
Email: akouka5@earthlink.net
Cell Phone: 321-514-2140

Grade Levels: 9th-12th

Class Description: Can you find Italy on a world map... because it looks like a boot? Be able to find ALL countries as easily with the Visualize World Geography method. The VWG method replaces the outline of each country with an easily recognizable object, like Italy as a boot. We call these country-objects "pictographies."
This method is fast and long lasting—

What to expect: Super FUN and silly way to learn all the countries (and capitals) of the world. We will work one day a week in class and expect to do about 1/2 hour - 1 hour each day for homework.

Prerequisite: None

Workbook/Online in class video lessons Fee: \$45.00

*When you register for this class, I will get your email addresses and contact you when we get our co-op access code. At that time, you can either pay me the \$45 by PayPal or mail me a check. (Probably the first week of August) Then, I will order all students' workbooks and bring them to the first class.
