

Class Name: SAT/ACT Math Prep
Fall & Spring 2018-19

Tutor: Grecia Fenton

E-Mail: wfenton6415@att.net

Cell Phone: 321-312-9256

Grade Level: 11th-12th

Course Description: This course will prepare students to take the SAT/ACT math test for college admission. The course will use the ACT text and supplement with the SAT text to insure that all possible areas of the test are covered. Practice problems in each area will be taught each week followed by homework assignments of the same area studied as well as a practice test on the same material. Tips on how to take the tests will be taught as well. Any areas of Algebra 2 that need to be reviewed will also be taught each week in order to better perform the ACT/SAT material. The two most common difficulties with these tests is completing the test in the time permitted and interpreting the language of the problems. These issues will be addressed and practiced during class time.

Prerequisites: Algebra 2

Textbook: The Official SAT Study Guide by College Board: Strategies, skills, practice tests and essays (2018); ISBN-13: 978-1457309281

Supplies Required: Pencil, homework notebook, graph paper. Calculator is permitted.

- **Monthly Class Cost:** \$8.00 per week
- **Materials/Lab Fee:** none

Minimum # of students: 2

Maximum # of students: 12
