Class Description: Spanish Studies is for students interested in the people, culture and language of the 26 countries that speak Spanish. We will explore the language, cuisine, geography and culture with the emphasis of the class being an introduction to Spanish. We will use the Risas y Sonrisas program-whose main approach is to teach Spanish through songs. Cooking and art projects will be included. This class is mainly for the younger students, and not a high school foreign language credit. However, high school students can use this course for an elective credit.

Tutor Information: I have taught Spanish for 30 years in public and private high schools in Florida, California, and recently in New Orleans. Doing this well has been my life's passion.
