

Class Name: Saxon Math 7/6
Block 2 (10:00-10:55)
Fall & Spring 2021-22

Tutor: Jenny Dixon
Email: jennyjdixon@gmail.com
Cell Phone: 405-210-9509. **Home Phone:** 321-369-7780

Grade Level: 6th-9th

Course Description: Saxon 7/6 textbook introduces functions and coordinate graphing, integers, exponential expressions, and prime factorization. Students will learn about the order of operations, number lines, decimal place value, how to find the percent of a number, how to round decimal numbers, attributes of geometric solids, and more. The foundation provided in this course will prepare students for Pre-Algebra and beyond.

What to Expect: Daily lessons include a facts practice sheets located in the workbook listed below, mental math and problem solving exercises at the beginning of each lesson in the textbook, vocabulary words, and a daily problem set where students will practice all the skills they have learned. Students can expect about 45 minutes of homework daily. **Parents should grade the homework and have their student correct their errors daily. The best learning takes place when we correct our errors. This is a crucial step to gaining a full understanding of the material.** In addition to class instructional time, I provide videos with extra practice problems for the student to view online at SchoolTube. **Access to the internet and a SchoolTube account will be required.** Please feel free to email or text me any additional questions during the week.

Pre-requisites: Placement in Saxon Math 7/6 via the placement test in the link below or a similar Saxon placement test. Text or email me pictures of your child's placement test grade and work for approval.
https://www.sonlight.com/uploads/saxon_middle_placement.pdf

Supplies Required: Textbook, Solution Manual, Tests and Worksheets listed below, as well as an inch/centimeter ruler, protractor, compass, scissors, notebook paper, and graph paper. At this point a **calculator is not required or recommended** for doing daily assignments.

Textbooks Required:

• Saxon Math 7/6 Fourth Edition, Student Edition
ISBN-13: 9781565775077 ISBN-10: 1565775074

• Saxon Math 7/6, Fourth Edition, Solution Manual
ISBN-13: 9781591412755 ISBN-10: 1591412757

It is not recommended that the students have access to this book however, it can be a great tool for parents when helping with homework and grading lessons.

• Saxon Math 7/6, Fourth Edition, Tests and Worksheets
ISBN-13: 9781591412847 ISBN-10: 1591412846

Daily facts practice worksheets are found in this workbook.

Alternatively, you could purchase the **Saxon Math Homeschool 7/6 Fourth Edition** set including the paperback Student Textbook, Solution Manual, and Tests and Worksheets book. This edition is extremely similar and although I will be teaching directly from the other version, they are close enough for all practical purposes.

- **Monthly class cost:** \$8.00 per week
- **Materials Fee:** \$30.00 (one time fee due the first day of class)

Minimum # of students: 5 **Maximum # of students:** 18
