

Class Name: Biology
Block 2 (10:00-10:55)
Block 3 (11:00-11:55)
Fall & Spring 2022-23

Tutor: Layla Steensma

E-Mail Address: layla.steensma@gmail.com

Cell Phone: 321-960-0677

Grade Level: 9th-12th

Class Description: This is a High School level class which explores all aspects of life in creation, from the microscopic to the macroscopic (and we will learn what that means!). Students will review the scientific method, biological classification systems and how to use biological keys. Course includes an In depth study of the kingdoms Monera, Protista, Fungi, Plantae and Animalia, with an introduction to basic chemistry, genetics, and creation. All experiments, microscope labs, dissections, etc. are all preformed together in class. Specimens are included in the materials fee. Tests will be distributed in class and taken at home.

(Please note, this class is being offered twice: during Block 2 AND Block 3)

Prerequisites: none

Textbook/Author/Publisher:

Exploring Creation with Biology, 2nd Edition
