

Class Name: Science Fair
Block 5 (1:30-2:25)
Fall & Spring 2022-23

Tutor: Layla Steensma

E-Mail Address: layla.steensma@gmail.com

Cell Phone: 321-960-0677

Grade Level: 5th-12th

Class Description: In this class students will learn how to perform scientific experiments that will be used to participate in a Science Fair. Students will choose a topic of their choice and then will learn how to conduct research and form a hypothesis of their project. They will execute their experiment and construct an exhibit with their results. A written scientific report including, hypothesis, introduction, methods, results, discussion and conclusion will be created. Lastly, a poster board with their results will be constructed and they will practice presenting their work.

Prerequisites: None

Monthly Class Cost: \$10.00 per week

Materials/Lab Fee: \$30.00 per year
(plus personal experiment cost)

FLDOE course code: 2002510

Maximum # of students: 12

Minimum # of students: 5
