

Tutor: Jenny Dixon

Class Name: Journey Through the Old Testament

Grade Levels: Grades 8-12

Class Description: Have you ever wondered how all the Bible stories you learned about in Sunday school fit together? In this class we will look at the biblical events in chronological order to gain an understanding of the connection between the events. We will also strive to understand the overall story of the Bible and how it leads us to God's redemptive plan for our lives.

We will be learning about creation, the fall of man, the flood, the Patriarchs, the exodus, the incomplete conquering of the promised land, the judges and kings of Israel, the prophets, the exile to Babylon, Daniel, and the rebuilding of Israel.

Students will be encouraged to develop daily habits including scripture memory, bible reading, and prayer time.
