

Tutor: Trish Akouka

Class Name: World Geography

Grade Levels: Grades 9-12

Class Description: This Class is a FUN way to learn all the countries (and capitals) of the world. We will work one day a week in class and expect to do about 1/2 hour - 1 hour each day for homework. This curriculum contains pictographies and short 'fun' videos (visual "velcro") for learning the countries and capitals of the world.

The Visualize World Geography training program is based on brain research. It MAXIMIZES ENGAGEMENT and RETENTION by using novel, colorful, musical, moving media. In addition, entertaining, offbeat stories cause the brain to produce a chemical cascade that helps solidify neural connections between short-term and long-term memory.

Prerequisites: None

Textbook/Author/Publisher:

Visualize World Geography Online Video Curriculum and Workbook
