

Tutor: Crystal Henry

Class Name: Career Exploration

Grade levels: 9-12

Class Description: In this class, students will explore career pathways, assess personal strengths and interests, and consider purpose and calling as they plan for the future. The course includes real-world exposure through job shadowing, career-focused research, guest speakers from a variety of fields, and practical skill-building such as resume creation. Students will conclude the course by presenting their findings in a research paper and professional showcase.

Prerequisites: Students should demonstrate the maturity required to participate in a job shadow experience.

Textbook/Author/Publisher: None

Supplies required: 1-2" 3-ring binder, notebook or loose-leaf paper for notes, something to write with. Materials for showcase project.

Materials/lab fee: \$20

Step Up: YES
